

WORK TO BEGIN SOON ON CITY POINT HIGHWAY

Conditions Under Which Road From Petersburg Is to Be Constructed Are Complied With.

TRIED ON MURDER CHARGE

Committee Having in Charge Capitalizing of Virginia Steel Corporation Will Hold Meeting To-Night, When Reports Will Be Made.

[Special to The Times-Dispatch.]
PETERSBURG, VA., May 23.—At the meeting of the Board of Supervisors of Prince George County yesterday all conditions under which the concrete highway from Petersburg through Hopewell to City Point is to be built were complied with, and the Austin-Bennett Construction Company, to which the contract was awarded, will begin work as soon as the necessary force, material and machinery can be brought here. One of the conditions required by the supervisors was that the Chamber of Commerce of Petersburg should raise \$11,000 in subscriptions to aid in building the road. This amount was tenanted by the board in checks and notes, which were accepted by the construction company. The road will have a fourteen-foot concrete bed, and will cost about \$100,000, of which amount the city of Petersburg, the Du Pont Co., each gives \$25,000, and the County of Prince George \$40,000.

There were present at the meeting yesterday Secretary Martin, of the Chamber of Commerce, and a number of business men of the city, and General Manager W. P. Allen, of the Du Pont Co. Everything having been satisfactorily arranged financially and otherwise, for the building of the highway on the route south of the City Point Railway, the work of construction will be begun without delay, and pushed to completion.

The supervisors yesterday also awarded to Clay & Co. the contract to build two miles of the Jerusalem plank road, from Bohemian Hall south, the road to be of gravel construction.

The Hopewell Steel Plant.

The committee having in charge the capitalizing of the Virginia Steel Corporation will meet to-morrow night, and it is understood, satisfactory reports will be made. The placing of bonds is proceeding most encouragingly, and details in reference to the location and erection of the plant are being perfected.

Murder Case on Trial.

E. J. Winn, colored, was on trial this afternoon on the charge of murdering Fred Smith, colored, in April last. On May 23 the case of James James Lewis, watchman at the Poca-hontas Cotton factory, will be tried, and on May 24 J. T. Noel will be called for trial for the murder of Mrs. Lettie Nicholson. It is reported that the plea of insanity will be entered in his defense.

Automobile Smashed.

An automobile belonging to Mr. Stewart, of the Stewart Realty Company, was taken from the garage without his knowledge, and consent by his colored chauffeur last night. In the course of a joy ride with some companions, the automobile was run into a telephone pole in South Eyanore street and badly damaged. The pole was broken by the violence of the collision. The chauffeur is reported to be in the hospital with a fractured arm and other injuries.

Notes of Interest.

Miss Louise Fries last night at her home in High Street gave a shower of entertainment in honor of Miss Mary Armstrong, who is to be married on Sunday. The home was beautifully decorated in the color scheme of pink, and many guests were present. The body of John D. Schenck, a former Petersburg, who died in Philadelphia several days ago, reached the city this morning and was buried in Highland Cemetery.

Salvation Army Revival.

The local corps of the Salvation Army will open a special seven-day revival meeting to-night at 8 o'clock at their hall, 120 North Seventh Street. Mrs. Hortense Ropp, of Shenandoah, will be the speaker at these meetings, and she will be tendered a reception at the hall to-night. The public is invited.

German Aviator in Wrong Hangar

Mistakes Hostile Aerodrome for His Own and Descends With in British Lines.

BRITISH HEADQUARTERS IN FRANCE, May 23 (via London).—A unique incident occurred to-day, when for the first time during the war, so far as is known, an aeroplane mistook a hostile aerodrome for its own.

Through the morning mist the aviators at one of the British aerodromes saw a German machine circling as if it were about to descend. Without interfering with its movements, thinking it had lost its bearings, they watched it come lower, until it finally swept past and came to a rest.

The German aviator and his pilot saw their mistake too late, when figures in khaki came running up, and they realized that they were prisoners. The captured machine was a new one of the latest type.

The great aerial activity of these days has brought forth many daring deeds, and there have been numerous narrow escapes. One British machine was struck by an antiaircraft gun shell, which passed through the body of the

aeroplane under the feet of the pilot, a lurch, and he went on his way. The shell exploding without harming the engine. All the aviator felt was German machine toward the earth.

found that his control lever was not working, and he descended to a road inside the German lines. The shock of landing righted the lever, and he rose successfully, turning his machine gun on the German aviator and his pilot, who had left their machine after making a landing. The British aviators then returned safely to their own lines.

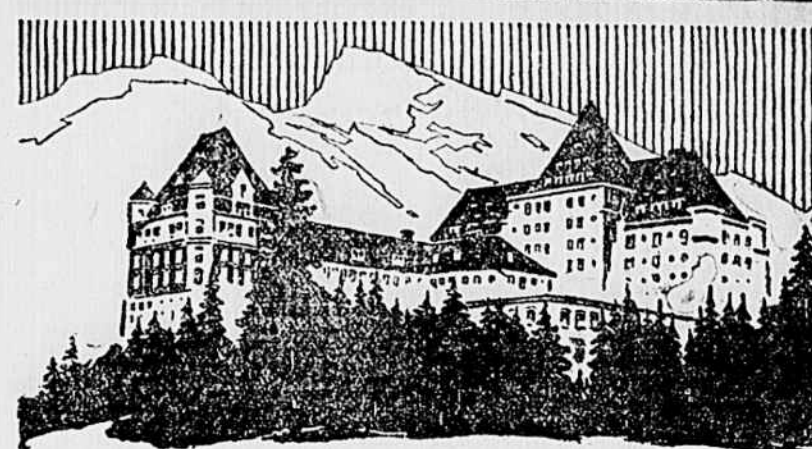

WAS CONFINED TO HER BED

Almost All the Time for Two or Three Years. Suffered Dreadful Pains. Praises Cardui.

Thomasville, N. C.—Mrs. J. W. Veach, of R. F. D. 1, of this place, writes: "About 15 years ago I was confined to my bed almost all the time for two or three years, and suffered agony during that time. I suffered dreadful pains in my hips and head and in the abdomen. I seemed to suffer all over, and I felt I would welcome death. I could not sleep at night and was awfully nervous. I read of Cardui in the Almanac and thought I would try it, as I felt I must have some relief from this awful suffering. For I had lost my flesh, weighing only 94 lbs. I was getting weaker all the time and felt I would die if I didn't get something to help me.

I sent for one bottle of Cardui, and after its use I was improving. I then bought six bottles for \$5.00, for I had seen it was helping me. The pain was relieved. I could sleep at night. My nerves got better. I got several more bottles and had regained my health, strength and flesh, and weigh my usual weight. My housework is a pleasure now. I have as good health as anybody. I consider Cardui saved my life."

Such letters as these leave no doubt as to the beneficial medicinal action of Cardui. Try it. For sale by all druggists.

Minarets and Mountain Peaks

at luxurious Banff—in the very heart of the

Canadian Pacific Rockies

At Banff are all the fine touches of social life, good table, good service, every possible comfort at moderate cost. From the stone pillared verandah or from the wide windows of the hotel, lies spread the great panorama of Alps and river.

Reached only by the world's greatest transportation system—the

Canadian Pacific Railway

which maintains hotels at Banff, Lake Louise, Field, Glacier, Balfour. Everything Canadian Pacific Standard—None Better.

Women's 14-Inch White Kid Lace Boots

ALBERT STEIN

King of Shoes, 428 East Broad.

Who Will Win This Pony

It's only a short time now until the big Fleischmann herd of wonderful Shetland ponies with carts and harness, saddles and bridles will be given away to boys and girls, and there are the other splendid prizes—motorcycles, bicycles and the rest—that will also be awarded to the children who have turned in the largest number of pony labels taken from bread made with Fleischmann's Yeast.

You have only a short time in which to make sure of being one of the happy boys and girls, and you don't want to forget that there are other boys and girls working hard collecting labels, and you must hustle to make sure of being among the leaders. It's the chance of a lifetime for boys and girls, and you'll feel very sorry if you find that your friends had worked a little harder than you, and saved a few more labels, when the prizes are awarded.

Contest ends June 5th.

Last day for turning in labels June 6th.

These awards will positively be made on June 17th at the Baseball Park.

In the event of a tie for any prize offered in Fleischmann's Yeast Pony Contest, a prize identical in all respects with that tied for will be given to each tying contestant.

See the Ponies and Prizes at Pony Contest Headquarters, 907 E. Broad Street, Lyric Building

THE PONY LABEL IS THE "O. K." ON GOOD BREAD

When you buy bread carrying the Fleischmann Pony Label upon it, it means just what it says: "This bread is made with Fleischmann's Yeast and other pure ingredients." It means that the baker of the bread has carefully chosen the purest and best yeast that money can buy to put into his bread. It means that only pure milk, finest of flours and the best of other ingredients have gone into the making of this fine, pure bread.

Eat Plenty of Pure Bread Made with Fleischmann's Yeast

Because such bread is carefully and thoroughly raised. It is light and easily digestible. Good, pure bread is one of the

most nourishing and economical foods you can buy. Good bread, therefore, makes the best of food for growing boys and girls who seem always hungry; and it's fine for grown-ups, because it restores nerve energy and muscle tissue by supplying to the body exactly the elements it needs.

But best of all, bread tastes good and makes us want to eat more of it—if it's the right kind of bread.

The tender, white slice with its rich, brown crust is tempting to look at, and when you bite into it and get the wholesome, substantial flavor, you can't help but ask for more.

Be sure you buy good, pure bread by asking for bread made with Fleischmann's Yeast.

Fleischmann's Yeast

Makes the Best Bread
